

Rocky Mountain Chapter - American Concrete Institute Masonry Laboratory Testing Technician Certification 2022 Registration Form

COVID19 - The Chapter is taking extra precautions by diligently disinfecting surfaces; requiring attendees to wear masks and gloves; and social distancing. In an abundance of caution, your temperature will be taken prior to entering the testing facility and you will be required to complete a health questionnaire. If your temperature registers over 100°F or you answer yes to any of the questions on the health questionnaire you will be denied entrance and will be rescheduled for the next available session with no penalty. Due to the current COVID-19 environment, federal and state mandates are in a constant state of flux. If it becomes necessary to reschedule the session you will be notified via email and rescheduled for the next available session with no penalty.

OVERVIEW

A **Masonry Laboratory Testing Technician** is an individual who has demonstrated the knowledge and ability to perform laboratory procedures required for preparation and testing of masonry construction-related materials including brick, structural clay tile, concrete masonry units, prisms, mortars, and grouts. The program requires a working knowledge of laboratory procedures selected from the following ASTM test methods and practices:

- C90—Loadbearing Concrete Masonry Units
- C140/C140M—Sampling and Testing Concrete Masonry Units and Related Units
- C270—Mortar for Unit Masonry
- C780 and C780 Annex—Preconstruction and Construction Evaluation of Mortars for Plain and Reinforced Unit Masonry
- C1019—Sampling and Testing Grout
- C1314—Compressive Strength of Masonry Prisms
- C1552—Capping Concrete Masonry Units, Related Units and Masonry Prisms for Compression Testing

***Note - If you are currently certified as an ACI Concrete Strength Testing Technician, you will be exempt from performing certain portions of the performance exam. You must bring your Concrete Strength Testing Technician certification card to the testing session.**

CERTIFICATION REQUIREMENTS

ACI will grant certification only to those applicants who meet both of the following requirements:

1. A passing grade on the ACI written examination; AND
2. Successful completion of the ACI performance examination.

The one-and-a-half hour **written examination** is open-book and consists of approximately 70 multiple-choice questions. There are between eight and 12 questions on each of the ASTM test methods and practices. The **performance examination** is closed-book and requires actual demonstration of select field procedures described in ASTM test methods C140/C140M, C780, C1019, C1314, and C1552. The examinee is judged on his/her ability to correctly perform (or describe, where allowed) required steps for each procedure. Recertification is necessary every five years and requires successful completion of both the written and performance examinations.

There is a limit of 10 attendees per session.

SCHEDULE

Friday	11:30 a.m. - 2:30 p.m. 2:30 p.m. - 5:00 p.m.	Classroom Review Session Laboratory Demonstration of Procedures
Saturday	7:00 a.m. - 1:00 p.m.	Written/Performance Exams

REGISTRATION FEES

Certification/Recertification - Strength Testing Certified

Member \$550

Non Member \$650

Certification/Recertification - Non-Certified Strength Technician

Member \$650

Non Member \$750

For those individuals certifying for the first time or those who are recertifying. Fee includes ACI study guide, classroom review session, lunch on first day, written and performance exams.

Written Exam Only

Member \$205

Non-Members \$260

For those individuals who failed their written exam on their first testing attempt. Fee includes exam. **(no study guide)**

Performance Exam Only - Strength Testing Certified

Member \$205

Non-Members \$260

Performance Exam Only - Non-Certified Strength Technician

Member \$305

Non-Members \$360

For those individuals who failed their performance exam on their first testing attempt. Fee includes exam. **(no study guide)**

CANCELLATION POLICY:

You can cancel or reschedule your registration for the certification session (via U.S. Mail or e-mail) up to 5 business days prior to the scheduled testing date and receive a refund less a \$100 cancellation fee. No refunds will be issued to registrants who fail to cancel within the specified cancellation period or are no-shows.

****Membership rates are for those individuals/companies who are members of the Rocky Mountain Chapter ACI. If you are interested in becoming a member, please request an application.**

I Acknowledge COVID19 | An inherent risk of exposure to COVID-19 exists in any public space where people are present. By attending the certification event you are assuming all risks related to exposure of COVID-19.

I Acknowledge Individuals certified through this program are typically expected to be capable of reading, comprehending, and executing procedures requiring physical activity, and possess a level of fitness required to safely execute the procedures. By marking the box below, you are asserting that you are aware of the physical abilities and fitness level appropriate to participate in the program.

I Acknowledge Participation in this program does not guarantee certification or employment if certification is attained. I further understand that employment in specific geo-graphic areas is contingent upon the laws and ordinances of that jurisdiction.

In accordance with the Americans with Disabilities Act (ADA), if you have a permanent or temporary disability that may impact your participation in this certification session, please check this box and the Chapter will contact you with instructions. Since the notification and formulation of appropriate accommodations takes time, candidates must make their request to the Rocky Mountain Chapter ACI at least three weeks prior to the certification.

I request accommodation.
